## ORAL HEALTHCARE SERVICES

**A**t New Horizon Family Health Services, we know that healthy teeth and gums are important to overall health and well-being. Regular preventative dental check-ups and care of your teeth help prevent oral disease and tooth decay.

New Horizon Family Dental Care is pleased to offer high quality, affordable family dental care through a team of certified professional dentists, hygienists and support staff. A full range of preventive and restorative services are available to adults and children. Dental care is not only provided at our permanent dental practice, but also on the mobile unit that visits schools, churches and other community locations throughout your area.

Your health is important to us. In addition to our dental team at New Horizon Family Dental Care, we maintain a highly qualified professional medical and support staff at New Horizon Family Health Services, who work together to meet all our patients' health needs while upholding quality in the standard of care.
